Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Searches for study help online. • Looks for AI learning tools. • Finds difficult topics.	• Opens Edu Genie. • Enters a question or topic. • Uses quiz, summary, and explanation features.	• Understands concepts. • Practices with quizzes. • Prepares confidently for exams.
Touchpoint <i>What part of the service do they interact with?</i>	• Google Search • College Notes • Educational Websites	• Edu Genie Web Application • AI Chat Interface • Learning Dashboard	• Quiz Results • Summaries • Personalized Recommendations
Customer Thought <i>What is the customer thinking?</i>	• I need an easier way to learn. • This topic is difficult. • Can AI help me?	• This explanation is easy to understand. • The quiz is useful. • This saves my study time.	• Now I understand the topic. • I feel ready for exams. • I'll continue using Edu Genie.

Customer Feeling <i>What is the customer feeling?</i>	Confused Stressed Curious	Interested Comfortable Motivated	Confident Prepared Satisfied
Process Ownership <i>Who is in the lead on this?</i>	Keerthi – Identifying the problem statement and user requirements.	Bala Sai – Developing the AI application and integrating Groq API.	Keerthi & Bala Sai – Testing, deployment, and collecting user feedback.
Opportunities <i>How can we improve this stage?</i>	- Identify students' learning challenges. - Collect user requirements. - Improve problem understanding.	- Improve AI response accuracy. - Add personalized learning features. - Enhance UI and user experience.	- Gather user feedback. - Introduce additional learning resources. - Continuously improve application performance.
